Hurricane Electronics, Inc. has over 25 combined years of experience sourcing hard-to-find, long lead time and obsolete components for military, commercial aerospace and maritime industries.

We specialize in providing value added services such as build-to-print items for many military and defense items. Completed projects include, but are not limited to, spares for the E3, E6, AV-8, KC135 and a variety of critical safety items.

We Accept Most Major Credit & Govt. Cards
 Net 30 Available Upon Approval
